Kings, Queens and Castles

Year: 2
Term: Spring 1

Background Information

During this half term we will be delving into our history-based topic and learning about castles and Monarchs. In art, we will use this opportunity to explore and manipulate clay to sculpt our very own castles. In history, we will compare famous British Monarchs and learn how they ruled the nation as well as comparing the castles they called home. In science this half term, we will be learning about animals (including humans): what they need to survive and why exercise is so important. To finish our exciting topic, we will also spend some time recounting a significant event in history.

Killer Facts!

- Animals reproduce to create new animals.
- Animals grow until maturity then they do not grow anymore.
- Animals need water food and air to survive.
- Animals need to move and exercise to survive.
- Humans need to eat the right things and exercise to keep healthy.
- Humans should keep themselves clean and hygienic in order to stay
